GOVERNOR MODIFIES PUBLIC HEALTH MEASURES

New proclamation eases restrictions on indoor, outdoor gatherings

DES MOINES – Governor Reynolds signed a new Public Health Disaster proclamation Wednesday (December 16) that modifies existing public health measures designed to reduce the spread of COVID-19.

The proclamation requires social distancing and reasonable public health measures for many social, community, business, or leisure gatherings or events.

For high school-sponsored events and other sporting or recreational events, including youth and adult sporting events, spectators are no longer limited to just two spectators if all spectators are from the same household.

Restaurants or bars, including a wedding reception venue, winery, brewery, distillery, country club, or other social or fraternal club can resume in-person services at their regular business hours. Bar seating is now allowed.
