MONTHLY REPORT OFFERED TO KEEP CITIZENS UP TO DATE

City of Muscatine department accomplishments make for interesting reading

MUSCATINE, Iowa – The Department of Public Works filled 1,057 potholes during the month of May, using 95 pounds of hot mix asphalt. That is one of the unique notes you can find in the monthly City Administrator Report to the City Council and Citizens of Muscatine available now.

The [City Administrator's Monthly Report](#) is intended to provide a brief summary of City activities, with links to additional information where possible. Due to the variety and complexity of City functions, however, the report is not all-encompassing.

Please always feel free to contact the City of Muscatine for more information or with questions or concerns. Any feedback can be provided to the City Administrator's office by sending an email to feedback@muscataineiowa.gov.

You can also view past and upcoming events on the City's calendar.
