A steering committee has worked with City staff to develop a scope of projects that are intended to improve the quality of life in the South End of Muscatine. The improvements were vetted through public meetings, Park and Recreation Advisory Commission meetings, and past project requests received from the Muscatine community. The four projects will be funded through a \$2 million private donation.

The Department of Public Works has compiled a list of streets and alleys to be included in the 2021/2022 Hot Mix Asphalt Overlay Project. The streets and alleys tentatively included for the 2021/2022 program were selected from a matrix developed to rank streets and alleys in Muscatine. Brandt Construction Company was the apparent low responsive, responsible low bidder at \$485,305.

Thursday's City Council meeting is open to the public. Citizens attending the meeting are asked to follow current CDC (Centers for Disease Control) recommendations for wearing a mask indoors whether vaccinated or not. The City of Muscatine does not require wearing a mask, but does urge the public to follow Public Health and CDC recommendations.

Citizens who do not want to attend the in-person meeting can watch and/or participate through the GoToMeeting virtual meeting portal. Information on joining the session and how to make a comment during the meeting is listed below. The session will also be broadcast live on the City of Muscatine [YouTube channel](#) and on Muscatine Power & Water Cable Channel 2.
