The Historic Preservation Commission sent out a request for award nominations in April. Nominations needed to include the property owner's name and address as well as a description of the type of work completed.

Owners were allowed to nominate their own property and/or work, or individuals were able to nominate properties that they knew about. The work should have focused on retaining the historic integrity of the property and have been completed in 2020 or 2021. Before and after photos should be attached to the nomination but are not required for submission.

Light refreshments will be served.
