LEROY STREET TO BE CLOSED FOR SEWER REPAIR

Repair work expected to take one week; detour planned using Barry Avenue

MUSCATINE, Iowa – The 500 block of Leroy

Street will be closed to thru traffic starting Monday, July 18, to replace a private sewer connection at 500 Leroy Street. The closure is expected to last until Monday, July 27.

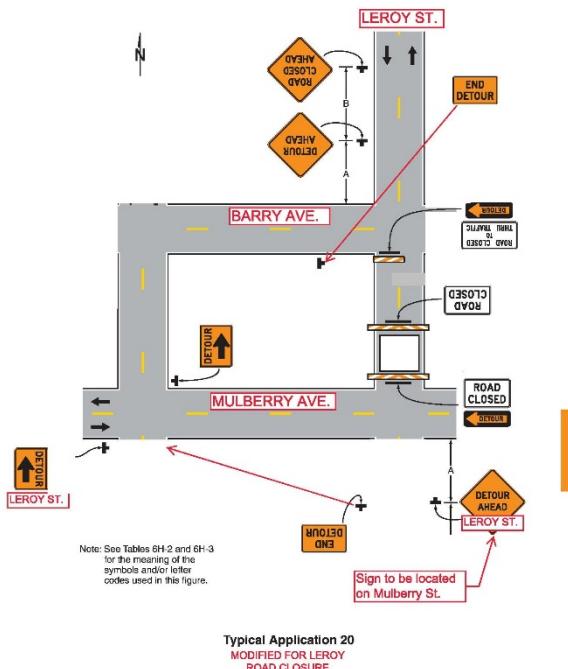

Rivo, Inc., is planning on replacing the entire sewer line at 500 Leroy Street from the house to the sewer main due to a needed repair on the Orangeburg sewer line. The sewer main is located in the middle of Leroy Street.

To safely work on the sewer line repair, Leroy Street will need to be closed to all traffic from Mulberry Avenue to the alley in the 500 block of Leroy Street.

PRESS RELEASE

215 SYCAMORE STREET
MUSCATINE, IA 52761
PH. (563) 264-1550

Local traffic to residences on Plover Street, Marquette Street, Amherst Avenue, and Orange Street will be permitted to use Leroy Street west of the intersection with Barry Avenue. There will be no access from Mulberry Avenue. Rivo will maintain access to all driveways in the 500 block except to the driveway at 500 Leroy Street.

Through traffic for Mulberry to Leroy will be detoured to Barry Avenue during the road closure.

The closure was approved by the Muscatine City Council on July 7, 2022.
