The City Council will conduct four public hearings starting with a hearing on a request to approve the Consolidated Funding Application for Federal Fiscal Year 2024 and the Public Transit Infrastructure Grant (PTIG) Application. The City of Muscatine Transit Division (MuscaBus) annually applies for State and Federal Transit funds through the Consolidated Funding Application. The funds are applied to transit operating and capital expenses. The PTIG application will apply to the automatic drive-through wash bay expenses.

A public hearing on Amendment #1 to the FY 2022-2023 city budget will follow along with a public hearing on the FY 2023-2024 city budget. The final public hearing is on declaring Tom Bruner Field as surplus and authorizing the sale of the property to the Muscatine School District.

During the budget review process for the FY 2023-2024 city budget, revised revenue and expenditure amounts for the FY 2022-2023 city budget were reviewed. These revised estimates become Amendment #1 to the current city budget, and require a public hearing and resolution to adopt the revised estimates.

The public hearing, and subsequent resolution to adopt, on the FY 2023-2024 city budget is the culmination over almost six months of work by city staff and City Council to develop and review the proposed budget. The proposed budget for 2023/2024 totals \$67,398,621. This includes \$37,719,031 in governmental funds expenditures and \$29,679,590 in business-type/enterprise funds expenditures. Of the total proposed budget, \$12,789,900 is for capital projects in both governmental and business-type funds.

Among the action items to be considered Thursday is awarding Phase 1 of the Fulliam Avenue Reconstruction Project to Heuer Construction.

Information on the other agenda items can be found by clicking [AGENDA](#) to download a PDF version of the City Council agenda and/or attachments.
